Description

This night cream has been specially formulated to take care of skin exposed to the sun during the day. Its bouncy texture penetrates quickly and leaves a soft and comfortable film thanks to Emulium® Dolcea MB, while Solastemis™ boosts the endogenous DNA repair system and reduces the effects of photoaging on the skin.

Specifications

- **Aspect:** Soft white bouncy cream
- **pH:** 5.4 ± 0.5
- **Viscosity Brookfield RV (spindle A, speed 5):** approx. 26 000 mPa.s after 24h
- **99% natural origin (ISO 16128)**

Ingredients

- **Emulium® Dolcea MB** at 3% creates a comfortable emulsion with a very soft afterfeel.
- **Bentone Gel Eug V** is a texturizing agent that brings a comfortable afterfeel.
- **Natrosol Plus 330 CS and Satiaxane VPC 911** are gelling agents that create the bouncy texture.
- **Lexfeel WOW-A-DT** is a very light emollient that improves spreadability and brings a dry touch.
- **Solastemis™** is an active ingredient that protects the DNA of keratinocytes from UVA rays, boosts endogenous DNA repair system and shields the skin from photo-aging.
