	SATIAXANE™ VPC 911	XANTHAN GUM	CARGILL	0.2
C	<b>SILKARESS™</b>	FRUCTOSE, WATER, PROPANEDIOL, MORUS ALBA LEAF EXTRACT	GATTEFOSSE	<b>2.0</b>
	PERFUME POLAIRE 1 ITM0726034	FRAGRANCE	ARGEVILLE	0.2
				100.0

## Operating instructions

- Heat the water of phase B1 to 75°C and disperse Avicel® PC 591 under high shear (2000 rpm) for 20 minutes.
- Prepare the premix B2, add into B1 and mix under moderate shear until homogeneous.
- Weigh oil phase A and heat at 75°C. Check homogeneity.
- Proceed with the emulsion of oil phase A into water phase B at 75°C under moderate shear (1500rpm) and then increase to high shear (3000rpm) for 10-15 minutes.
- Cool down under moderate mixing until reaching 35°C. Add ingredients of phase C one by one and mix for 5 minutes. Check that the emulsion is homogeneous. Continue to cool down.
- Check pH and adjust, if necessary.

## Melting Butter Cream

3129-1.04

### Description

Protective as silk, this ultra-rich cream-to-oil formula cocoons dry skin, delivering lasting comfort perfectly adapted to cold-climate conditions. The high percentage of **Emulium® Kappa MB** and **Lipocire™ A SG** gives a pleasant melting sensation upon application.

It is enriched with **Silkaress™**, a new bio-active inspired by silk, clinically validated on dry skins on its capacities to improve hydration, softness and comfort.

### Specifications

- + Aspect: rich white cream
- + >99% natural origin (ISO 16128)
- + Viscosity Brookfield RV (spindle C, speed 5): approx. 80 000 mPa.s after 24h
- + pH: 5.5 ± 0.3

### Ingredients

- **Emulium® Kappa MB** used at 7% creates an ultra-rich, buttery cream with a cream-to-oil sensation upon application.
- **Lipocire™ A SG** is a texturizing agent that brings a melting sensation and comfort thanks to its melting point close to the skin temperature. The synergy with **Emulium® Kappa MB** gives a formula that melts on the skin, helps moisturize and protects dry skin.
- **Geleol™ MB** thickens the emulsion and brings good stability.
- Cetiol® OE gives the skin a light, silky feel without using silicones.
- **Silkaress™** is a bio-inspired active that help skin adapt to unpredictable environmental stressors. Acting on protein phosphorylation, it optimizes the skin's resilience, while preserving the integrity of its barrier function. The skin looks visibly more hydrated, smoother, and wrapped in a soft, and comforting veil of protection.
