Operating instructions

- Heat the water of phase A1 to 70°C.
- Prepare the premix of phase A2 and add into A1 under medium shear until the gel is formed. Check that everything is homogeneous. Maintain phase A at 70°C.
- Heat phase B to 75°C and check that everything is homogeneous.
- Proceed with the emulsion of oil phase B into water phase A at 70°C under moderate shear (1500rpm) and then increase to high shear (3000rpm) for 10-15 minutes.
- Prepare the premix of phase C at 60°C. When GENAMIN® KDMP is solubilized, add into A+B under moderate shear and mix for 5-10 minutes. Check that the emulsion is homogeneous.
- Continue to cool down and below 40°C add perfume.
- Check pH and adjust, if necessary.

This formula is presented in good faith, however, no warranty as to the accuracy or completeness of results, or fitness for a particular use is given, nor is freedom from the infringement of any intellectual/industrial property rights to be inferred. GATTEFOSSÉ

Smart conditioner
3078-1.07

Description

This conditioner features a simple, minimalist formula suitable for all hair types. Designed to deliver essential conditioning benefits without unnecessary complexity, it leaves hair softer, smoother, and easier to manage after shampooing. Its effectiveness has been proven through consumer use tests, making it an ideal solution for affordable, mass-market, and masstige hair care applications.

The efficacy of this formula was proven through a use test, showing an increase in softness and shine.

How to use: After washing your hair, apply a generous amount to wet hair. Rinse thoroughly after 5 minutes.

Specifications

+ Aspect: white cream
+ 96.8% from natural origin (ISO 16128)
+ Viscosity Brookfield RV (spindle B, speed 5): approx. 50.000 mPa.s after 24h
+ pH: 4.2 ± 0.3

Ingredients

- **Protecticire® MB** is a fully natural active texturizing agent, helping to shield the hair fiber from daily environmental aggressors, preserving its strength and beauty.
- **Emulium® Dermolea MB** is a natural O/W emulsifier that supports the skin barrier function.
- **Labrafac™ CC MB** brings nourishment and shine to the hair fiber while providing a rich, comfortable feel.
- Genamin® KDMP is a cationic agent, helping with easy detangling.
- Cetearyl alcohol thickens the formula.
- Actigum™ CS 11 QD is a natural gelling agent.
