## Operating instructions

- Disperse Naviance Tapioca into A at room temperature.
- Heat while mixing until 75°C, maintain for 30 min.
- Add B and continue mixing.
- Prepare C and heat to 65°C.
- Under rapid mixing (rotor stator 3000 rpm), add C at 65°C to A+B at 65°C.
- Maintain rapid mixing for about 10 min.
- Cool under mixing and, at about 35°C, add the other ingredients.

## Thirst Quencher Body Cream

2464-1.01

+ Nourishing

+ Rich texture

+ Deep moisturization

### Description

This cream has been specifically formulated to rehydrate thirsty skin. Emulium® Kappa MB brings a cushion feel to this O/W cream, while a blend of vegetable oils, squalane, glycerin and Gatuline® RC Bio provide repair, moisturization and nutrition.

### Specifications

+ Aspect:  
Ivory cream

+ pH = 5.2 ± 0.5

+ Viscosity Brookfield RV (spindle C, speed 5):  
approx. 71 000 mPa.s after 24h

### Ingredients

- Naviance Tapioca LM and Satiaxane CX91 are gelling agents which improve stability.
- **Original Extract™ Orange Bio** is a nourishing vegetable water.
- Glycerin is a moisturizing agent.
- **Emulium® Kappa** at 6% creates a creamy emulsion with a cushion feel.
- Cetyl alcohol is a thickening agent which improves viscosity.
- **Lipocire™ A SG** is a texturizing agent which improves spreadability and comfort and brings a melting sensation.
- Squalane, Sweet Almond Oil and Jojoba Oil are vegetable emollients which nourish the skin.
- **Gatuline® RC Bio** is a naturally derived active ingredient which reinforces epidermal architecture and increases skin moisture.
