				100.00

## Operating instructions

- Prepare premix A2.
- Add A2 to A1 heated to 45°C, mix for about 10 min.
- Cool under mixing and at about 25°C, add B and C.
- Complete cooling and add D.
- Mix for about 5 min and adjust pH with E.

**Targeted Treatment**  
**2588-3.07**

- + **Anti-pimples**
- + **Transparent gel**
- + **Purifying**

## Description

Thanks to this natural transparent gel, pimples are a thing of the past! It helps to purify the skin and minimize breakouts thanks to Cytobiol™ Iris A<sup>2</sup> and Original Extract™ Lemon Bio. Its gel texture is adapted to a pump or roll-on applicator for ultra-targeted application.

## Specifications

- + Aspect:  
Yellow gel
- + pH = 5.6 ± 0.5
- + Viscosity Brookfield RV (spindle A, speed 5):  
approx. 1 600 mPa.s after 24h

## Ingredients

- Glycerin is a well-known moisturizing agent.
- Kelco-Care™ Diutan Gum is a gelling agent that is resistant to alcohol.
- **Original Extract™ Lemon Bio** is a fruit water that helps to purify the skin.
- **Cytobiol™ Iris A<sup>2</sup>** is a synergistic blend of iris root extract, vitamin A and zinc that has been clinically shown to minimize pores and reduce skin imperfections.
- Alcohol is used for its purifying properties.
