Ingredients

- **Emulium® Dermolea MB** is a 100% natural origin O/W emulsifier which supports the skin barrier function and reduces skin sensitivity.
- **MOD MB** is an emollient which improves spreadability, brings a soft feel and nourishes without any greasy sensation.
- **Lipocire™ A SG** is a lipophilic texturizing agent that brings a melting sensation thanks to its melting point close to body temperature.
- **EleVastin™** is a clinically proven active ingredient especially designed for mature skin that acts as an anti-gravity agent, since it redefines facial contours and reduces deep and vertical wrinkles day after day.
- BEAUTE BY ROQUETTE® DS 112 is an aqueous thickening agent.
- Amphisol® K is used as co-emulsifier and to improve the stability of the emulsion.
- LIPEX® SHEASOLVE™ boosts skin moisture without being too rich.
- EUXYL™ K 712 is an aqueous preservative.
