Visibly Clean Serum 2584-1.05

- + Purifying serum
- + Very light texture
- + Soft and matte finish

Description

This fluid texture is ideal to fight imperfections! It spreads easily, penetrates quickly and leaves a very thin and soft protective film, since acne-prone skin also need to be protected. Its high amount of propanediol brings moisturization, as well as Emulium® Dolcea MB which has demonstrated its moisturizing properties. The skin is purified and clearer thanks to Cytobiol™ Iris A² and Original Extract™ Lemon Bio.

Ingredients

- **Original Extract™ Lemon Bio** is a fruit water used for its skin lightening properties.
- Actigum CS 11 QD and Satiaxane VPC 911 are gelling agents that are used at a low pourcentage to make a fluid but stable texture.
- Propanediol is a glycol, lighter than glycerin, that has humectant properties.
- **Emulium® Dolcea MB** at only 2% creates a stable and fluid texture with a soft afterfeel. It is added to the water phase because the oil phase is too limited.
- Lexfeel WOW-A-DT is a very light emollient that improves spreadability and brings a dry touch.
- **Cytobiol™ Iris A²** is a clinically proven active ingredient that targets imperfections, minimizes pores and reduces skin shine.
