	COVAPEARL LIGHT BROWN 830	MICA, CI 77491	SENSIENT	6.00
				100

Operating instructions

- Heat phase B at 75°C. Check that all ingredients are melted and maintain at 75°C.
- In the main vessel, prepare phase A. Heat water at 75°C and add AVICEL® PC 591 and SATIAXANE™ VPC 911 one by one and disperse with high shear for 15-20 minutes each. Add the VANATURAL® under Ultra Turrax for 5 min at 75°C. Maintain the water phase A at 75°C.
- Proceed with the emulsion of phase B into phase A at 75°C under medium shear, and then increase to high shear (3000 rpm) for 10 minutes.
- Cool down under moderate shear and below 40°C add phase C. Mix under moderate shear for 10-15 minutes.
- Finish to cool down until reaching 25°C. Check the pH and adjust if necessary.

Multi-Purpose Eyeshadow

2714-1.07

+ Creamy texture

+ Touch of light

+ 2-in-1 eyeshadow + highlighter

Description

Did you know that eyelids are the thinnest skin on the body? This eyeshadow will moisturize them thanks to its substantiated emulsifier: **Emulium® Dolcea MB**. On top, this formula is multi-purpose: you can easily use it as a highlighter to bring a touch of light to your final makeup look.

Specifications

- + Aspect: Gold brown cream
- + Viscosity Brookfield RV (spindle C, speed 5): approx. 95000 mPa.s after 24h
- + pH: 7.3 ± 0.3
- + Natural origin > 98% (ISO 16128)

Ingredients

- **Emulium® Dolcea MB** is a very robust natural origin O/W emulsifier, perfectly adapted for technical formulas as this one (22% of pearlescent pigments inside).
- AVICEL® PC 591, SATIAXANE™ VPC 911, and Vanatural® are aqueous gelling agents. They increase viscosity and keep pearls in suspension.
- **Lipocire™ A SG** brings creaminess and melting sensation thanks to its melting point close to the body temperature.
