### Operating instructions

- Under mixing add Avalure™ Flex-6 to water heated to 75 °C.
- Prepare B2 and under mixing add to B1.
- Under rapid mixing (Rotor/Stator 3000 rpm), add A to B, maintain rapid mixing for about 10 minutes.
- Cool under mixing and at about 35 °C, add C.
- Complete cooling under moderate mixing.

Description

Wake up to a refreshed and younger-looking skin with a redefined sleeping pack. Inspired from Asia, this bouncy texture can memorize every shape and blends ideally with the skin for an instant smoothing effect. Applied just before sleep, it can be used in association with the SKIN REJUVENATION ELIXIR (1755-1.03) to boost skin moisture during the night.

Specifications

+ Aspect: White shiny emulsion
+ pH = 5.8 ± 0.5
+ Viscosity Brookfield (spindle B, speed 5): approx. 24 000 mPa.s after 24h

Ingredients

- **Emulfree® CBG** at 2.5% gives a light and fresh texture with a quick-break effect.
- **Emulium® Delta MB** at 1.5% creates a velvety soft touch for a guaranteed comfort.
- **Emulfree® CBG** and **Emulium® Delta MB** are associated for the first time combining the sensory properties of these two ingredients and give a fresh and soft texture. The combination with Avalure™ Flex-6 creates a surprising shape memory effect.
- To obtain a thicker cream with a slower memory shape, increase the polymer Avalure™ Flex-6 to 1.15% and **Emulium® Delta MB** to 1.75%.
- **Labrafac™ CC**, Jojoba Oil and MOD, emollients, are associated to increase softness and spreadability.
- **Gatuline® Renew** at 1%, a Japanese cedar tree bud extract, accelerates the natural renewal process of the epidermis and making the skin look younger.
