Operating instructions

- Disperse A2 into water, then add A3 into mixture.
- Heat phase A and phase B to 70°C.
- Add B into A at 70°C under rapid mixing and continue mixing for about 10 minutes.
- Cool under mixing and at about 30°C, add C and D slowly.
- Complete cooling under mixing.

This formula is presented in good faith, however, no warranty as to the accuracy or completeness of results, or fitness for a particular use is given, nor is freedom from the infringement of any intellectual/industrial property rights to be inferred. It is provided “as is” for your consideration, investigation and verification. To the extent permissible by applicable law, Gattefossé shall in no way be liable for any reliance upon information or materials provided.
Description

This O/W emulsion is a gender neutral light day cream, ideal to start the day for both women and men. 99.5% natural, the texture is very innovative with a particularly thready texture without any tackiness thanks to the low residual film created by Emulium® Mellifera MB. It contains two active ingredients fighting skin dullness: Gatuline® Radiance, which boosts the skin microcirculation, and EnergiNius™, which restores skin vitality.

Specifications

+ Aspect: Orange cream
+ pH = 6.5 ± 0.5
+ Viscosity Brookfield RV (spindle B, speed 5): approx. 20 000 mPa.s after 24h

Ingredients

- Emulium® Mellifera MB at 2% creates a light pleasant cream with a particularly low residual film.
- Xanthan Gum and Aristoflex® AVC are gelling agents which help improving stability. Aristoflex® AVC also helps to create this very thready texture.
- Propanediol, Butylene Glycol, Glycerin and Cetiol® Sensoft are emollients improving spreadability and moisturization of the skin. The high amount of Propanediol also helps to create this innovative texture.
- Hydrolite® 6 and Sensiva® SC50 are used as preservatives.
- Gatuline® Radiance is a Wu-Zhu-Yu extract fighting skin dullness and enhancing natural skin radiance and luminosity.
- EnergiNius™ is an active obtained with the highly innovative NaDES technology, which protects the skin from all technological devices and restores skin vitality.
